

## Colegio Sagrado Corazón de Jesús

## Erasmus + Project : 2014-1-ES01-KA101-002752

ACTIVITY TITLE: Health Care

AIM OF THE ACTIVITY: Boost vocabulary related to health and disease. Work speaking, listening and writing skills. ESTIMATED DURATION: 60-80 minutes session (split at will) MATERIALS NEEDED: Copies of the attached documents for students and video projector. ATTACHED DOCUMENTS: Let's talk about heath 1 and 2 / Health in Britain

SUGGESTED LEVEL: B2

### PROCEDURE

1.- LET'S TALK ABOUTH HEALTH (15 min) /Speaking Teacher hands in the vocabulary sheet and discusses with students the questions in the Let's talk about health sheet.

2.- DEFINITION GAME (15 to 45 min....teacher may decide how long he wants to play) /Writing Students have to make up definitions of the following unknown words related to health and write them in identical sheets of paper. Teacher collects the definitions and includes the correct one in the lot. Then he reads out the definitions and students vote for the one they think is correct. Each definition gets a point for each vote and there's also a point for those who choose the correct definition. The winner is the students who gets the more points.

3.- CAN YOU EXPLAIN THE DIFFERENCE BETWEEN THESE WORDS? (10-15 min) /Speaking Students discuss with the help of the teacher the difference between the words and try to put them in sentences.

#### 4.- HEALTH IN BRITAIN (20 min) / Listening-Speaking.

Students watch the video in the link and try to answer the questions. It's advisable to read the questions with the students before watching the video. Watch the video twice and stop if necessary. Then check answers and compare Heath in Britain with Health in the students country.
