AIM OF THE ACTIVITY: Review vocabulary and grammar

ESTIMATED DURATION: 10 minutes

PROCEDURE

Split the class into two teams. If you have a large class split it into teams of 4 or 5 students.

1.- Draw lines separating the blackboard in as many parts as teams.

2.- Choose a topic and write it at the top. Students stay on a line opposite their space in the blackboard.

3.- Students then have to write as many words related to the topic as possible or complete the list as fast as they can, if you give them a list, for example of irregular verbs which must be transformed into the past form or adjectives into the comparative form.

4.- Each teams wins points for each correct word. Unreadable or misspelled words do not count.

Tip: You can add one use benefits like skipping someone's turn if they do not know any answer or the possibility of stopping another team for 10 seconds.
