ACTIVITY TITLE: HOT SEATS

AIM OF THE ACTIVITY: Introduce new vocabulary or review old one. Improve definition and speaking skills. Enhance deductive thinking.

ESTIMATED DURATION: Teacher decides depending on the number of words he wants to practice with.

MATERIALS NEEDED: Blackboard and chalk

ATTACHED DOCUMENTS: None

SUGGESTED LEVEL: Every level

PROCEDURE

Split the class into teams. Place in front of the class one chair less than teams are (four teams, three chairs).

1.- If team A starts, a member of teams B, C and D has to sit down on the chair backwards to the blackboard.

2.- Then, the teacher writes a word on the blackboard.

3.- The student from team A has to define it and students from teams B, C and D have to guess it. Give them 1 minute or 1 minute and a half to guess it.

4.- If any of them guesses the word his team wins 5 points and the team whose member is defining gets 5 points too. If none of them guess it teams B, C and D wins 1 point and team A none.

Tip: Draw a scorer on the blackboard and make turns in the teams to be sure everybody participates.
