ACTIVITY TITLE: A WEEKEND IN LONDON

AIM OF THE ACTIVITY: Get students to know more about British cultural aspects. Work on the use of Present Simple

ESTIMATED DURATION: 60 minutes session

MATERIALS NEEDED: Copies of the attached photograph sheet for students; a projector show London Subway Map

ATTACHED DOCUMENTS: Photograph sheet

SUGGESTED LEVEL: B1-B2

PROCEDURE

1.- WHAT'S TO SEE IN LONDON? (10-15 min)

Students gather in groups of three and teacher hands in the photograph sheet. Teacher asks students if they recognise the places in the pics and what can they do there. If they don't know, then the teacher explains.

2.- WRITE A STORY A WEEKEND IN LONDON (40 min)

Students have to plan in groups a weekend in London with friends thinking about:

When they are going

What to see each day and what can they do there

Lodging, transport and catering

Documents, currency to take and special gadgets (e.g. plug adaptor)

Recommended clothes and expected weather for when they are travelling

Students may choose sights not included in the photographs. If students have access to internet, we can establish a limited budget to make the activity more interesting. Then they have to consider ticket prices for museums, hotels, subway, meals....

3.- EXPLAIN YOUR WEEKEND (20 min)

Students explain the rest of the class how they have organised every aspect of the trip. Teacher may intervene when mistakes occur or to make them rethink some of the possibilities chosen. The class decides which may be the best weekend plan in London.
