**ESTIMATED DURATION:** 60 minutes session

**MATERIALS NEEDED:** Copies of the attached photograph sheet for students; a projector show pictures yo students can help but is not strictly necessary.

**ATTACHED DOCUMENTS:** Photograph sheet

**SUGGESTED LEVEL:** from B1 on.

## PROCEDURE

### 1.- WHAT'S YOUR OPINION ABOUT...? / HOW FO YOU FEEL ABOUT...? ( around 15 mins.)

Students have around 3 minutes each to orally express their views and feelings about the pictures exposed. The teacher writes down in the blackboard the different like/dislike expressions used and offers alternatives to avoid redundancy and repetition. Sudents may have 2 or three minutes to prepare their speaking and to write down different like/dislike expressions they know before speaking.

### 2.- WRITE A STORY (20 mins)

Students gather in groups of four and have to select 5 pictures from the photograph sheet. It is very important that students don't know the purpose of the choice at this time yet. Then, groups exchange the selected pictures. With the pictures selected by others, the group have to write a story in which the five elements represented by the pictures are involved. The size of the story may depend on the students level but has to be determined before hand by the teacher as well as limited timing (10-15min aprox). There should be only one story and a selected spokesman per group. Each group may design their own strategy to complete the task

### 3.- READ AOUT LOUD (20 min)

The spokesman reads out the story once it is finished while the teacher corrects the possible grammar and pronunciation mistakes.

### 4.- THE BEST STORY (5 min)

Each group must express their views on every story explaining what they liked or disliked. Then groups have to vote to choose the best story.
